

Utility Chests

Daily cash management for any business environment where accumulating cash in the cash register is at risk for armed robbery or internal theft.

Bolt Detent – Bolts retract when the safe is opened, preventing bolt damage when closing door

Auto Lock Feature – Safe automatically locks when door closes

Relocker – Emergency bolts fire when safe detects an attack

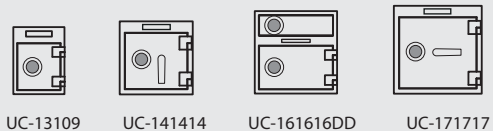

Heavy Duty Construction – Solid plate steel construction with a ½" solid plate steel door

Standard Locking Devices – U.L. listed Group II combination locks and key-locks protected by a drill resistant hard plate

Anchor Holes – Each safe has at least two built-in anchor holes to bolt the safe to the floor

A variety of sizes and configurations

Model	Exterior HxWxD (in)	Weight (lbs)
UC-13109	13x10x10	45
UC-141414	14x14x14	70
UC-161616DD	16x16x16	98
UC-171717	17x17x17	120

Model	Exterior HxWxD (in)	Weight (lbs)
UC-202020	20x20x20	190
UC-272020	27x20x20	205
UC-302420	30x24x20	290

*Add 2" to exterior depth for handle projection
Cash management safes are not recommended for overnight or unattended storage

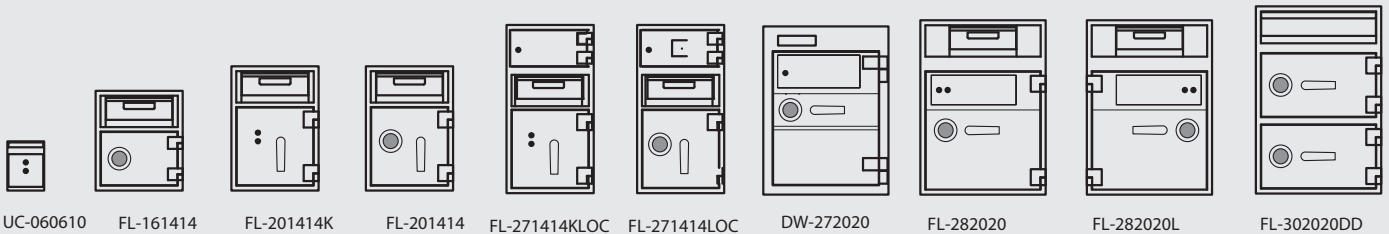

Depository Chests

Drops are made into a storage compartment through a one-way deposit system that secures the contents until authorized access is gained through the door.

Great for short-term storage of cash trays, rolled coins, documents, and valuables

Mailbox mechanism allows for under counter placement
Slot drops to a secure inner compartment

An anti-fish baffle deters employees and burglars from "fishing" through the safe's contents
