

# Ultra-Security Modular Vault System

- Ultra-high strength concrete core with formed steel panels
- High security construction and installation
- Rugged vault panels can meet very close dimensional tolerances

**Delivering Security  
with Inspired Service**

UL listed Modular Vault Panels are available as four Burglary Resistant UL ratings

U.L. Class M	One-Quarter Hour
U.L. Class 1	One-Half Hour
U.L. Class 2	One Hour
U.L. Class 3	Two Hour

## Rolland High Security Vaults are Ideal for:

- Jewelers
- Private, high-value storage unit facilities
- Pawnshops
- Banks
- Diamond Dealers
- Gold Dealers
- Cash in Transit Facilities
- Other businesses requiring high security vault needs

## UL Tested for Performance

Attack tests on the vault panels ensure they meet requirements for burglary resistance.

In-plant inspections ensure panels are constructed using the proper procedures and materials.

Ultra-strength concrete and formed steel panels

Precise Installation

Vault designed to fit customized dimensions
